

VESARO

The worlds most advanced simulators. Designed, engineered and built in England.

Vesaro I Modular Range - Private Use

Introducing the Vesaro I Modular Simulation System

A truly modular design that allows bespoke customisation and a fully upgradable architecture. The Vesaro system offers the perfect mix of modular flexibility, beautiful, stylish design, and ultra-stable engineering.

This modular flexibility allows you to start with a core rig and expand the complexity of your setup as your needs evolve. The system enables you to build a specific configuration to suit your exact requirements, with options including different steering set-ups, five motion solutions, an advanced tactile feedback system, surround-sound audio, seat belt tensioner systems, single, triple, or VR displays, multiple control systems, and much more.

With over 200 modules, the Vesaro system is the only truly modular solution, offering complete control over your simulator requirements.

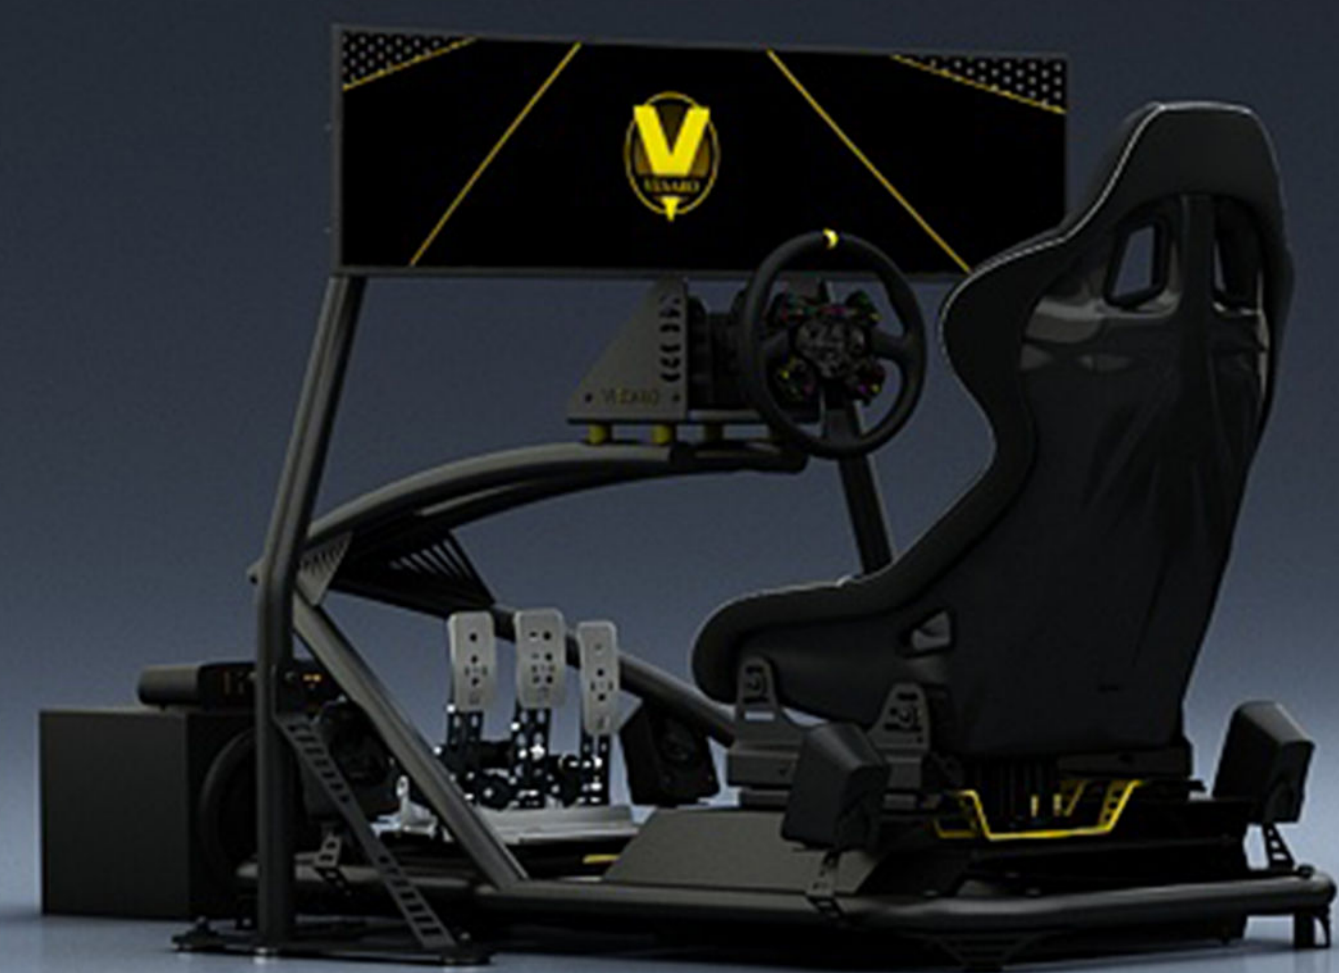

Vesaro I

The Vesaro I Range is a high-performance simulator collection engineered to deliver professional-grade realism, immersion, and driver control. Built on the modular Vesaro I chassis and paired with premium racing hardware, each stage provides exceptional stability, ergonomics, and precision feedback.

From single ultrawide displays to triple-screen environments with advanced motion integration, the range scales in performance and immersion to suit drivers of every level. Expertly assembled, professionally calibrated, and ready to race.

Vesaro I - Stage 1

The Vesaro I Stage 1 is a high-performance, plug-and-play racing simulator designed to deliver a truly immersive and authentic driving experience. Built around the Vesaro I modular chassis and equipped with professional-grade racing hardware, It offers exceptional stability, precise force feedback, and refined ergonomics.

A powerful preconfigured PC, 49-inch ultrawide curved display, tactile feedback, and 4.1 surround sound system combine to recreate the intensity of real-world motorsport. Expertly assembled and meticulously calibrated, the Vesaro I Stage 1 is ready to race from the moment you take your seat.

- Vesaro I Chasis
- Vesaro GTF Conversion Kit
- Sabelt SRP-1
- Moza Racing R12 DD Wheel Base
- Moza GS V2P GT Racing Wheel Rim
- Vesaro Pro-R Pedal
- Vesaro PC Level 1
- Single Display Screen 49 Inch Ultrawide Curved
- Single Display Stand
- 4.1 Off-Board Audio, Tactile Feedback System
- UPS Backup
- Software- Personal Use- Assetto Corsa
- Wireless Keyboard and Mouse
- Vesaro Free Support

Unboxed Setup Dimensions:

- Width : 123 cm
- Length : 207 cm
- Height : 122 cm

Vesaro I - Stage 2

The Vesaro I Stage 2 builds upon the foundations of Stage 1, delivering a heightened level of realism, performance, and driver engagement. Built on the Vesaro I chassis and paired with the Corbeau Sprint X racing seat, it delivers exceptional stability, comfort, and confidence during high-intensity sessions.

Direct drive force feedback from the Moza Racing R12 wheel base, leather-wrapped RS V2 wheel, and three-pedal Pro Control setup ensures precise, authentic driving response. Expertly assembled and professionally calibrated, the Vesaro I Stage 2 is ready to perform from the first lap.
